

ONN-X5A - B 1 - 225m(5W)

Order guide
 Code 1 Voltage 2 Color temperature 3 Length/(Power)
 Please refer to the series code to select the type and parameters for ordering.

Code	Brand	Type
ONN-X5A	ONION	LED explosion-proof light

- Applicable models: Fine engraving machine, spark machine, CNC machine tools and other processing machine tool lighting.
- Product features
 - Use aluminum housing, high quality LED beads and frosted PC cover, durable and low glare;
 - Different lengths are available;
 - Easy and convenient screw mounting;
 - DC24V input is safe and reliable;
 - With switch, which is suitable for bench and cabinet lighting.

Total length of luminaire L1	225mm	390mm	555mm
Installation size L2	(210~215)*22mm	(375~380)*22mm	(540~545)*22mm

Order guide

Voltage 1	Color temperature 2	Length/(Power) 3
B: DC24V	1: 6000-6500K 2: 4000-4500K 3: 2800-3200K	225mm(5W), 390mm(10W), 555mm(15W)

Parameter chart

Luminous flux	(5W)347.5lm/(10W)748lm/(15W)1142lm
Luminous efficiency	61-76lm/W
Color rendering index	>82
Luminous angle	120°
Protection grade	IP40
Working temperature	-20~ 45°C
LED life	50,000H
Lamp body color	Sliver
Material	Lamp body: Aluminum alloy Cover: Tempered glass
Assembly	Screw fixing
